

/ Digital Design Intern (m/f/d)

PCH Innovations is a Berlin-based, multi-disciplinary studio for thoughtful technology and regenerative system development.

We are a team of engineers, designers, technologists, scientists, coders, and researchers. We're all different, but connected in our pursuit of engaging, high-impact products, experiences and methodologies.

Our team is currently engaged in multiple research, product-development, and consulting projects for large brands and industry leaders (e.g. Nike, Siemens Energy, Continental, NVIDIA, Autodesk). We are looking for a motivated, versatile, and inquisitive team-player to support us with the design of digital assets and conceptual solutions.

What's the job?

This is a paid 6-month, full-time internship position in Berlin. Starting date is as soon as possible.

- / Work with our Concept Design Lead to design diverse content + visuals – from internal branding assets to engaging client presentations.
- / Creation of digital assets and brand narratives for new social media formats, and multimedia and graphics projects including video titles, animations, and infographics.
- / Interdisciplinary collaboration with colleagues from the robotics and AI teams to support on various design tasks.

What you bring to it

- / First work experience or education in design-related field
- / Experience with the Adobe Creative Cloud (Photoshop, Illustrator, Premiere, AE, etc.)
- / Experience with building presentations + storytelling
- / Familiarity with prototyping tools e.g. Figma
- / A willingness to adapt fluidly to new projects and objectives
- / Excellent communication skills in English, knowledge of German language is a plus
- / An interest in sustainability
- / **Bonus points** for photography, rendering or motion design knowledge
