

## Internship (m/f/d)

**Duration:** 6 months | **Location:** PCH Studio in Berlin

PCH Innovations is a Berlin-based, multi-disciplinary studio for thoughtful technology and regenerative system development. We are a team of engineers, designers, technologists, scientists, coders, and researchers. We're all different, but connected in our pursuit of engaging, high-impact products, experiences and methodologies.

**We are looking for a curious, talented, and motivated person to help us translate cutting-edge research and client needs into exploratory technology projects, applications and products.**

### Industry Context

Shifts in digitalization, geopolitics, and climate are driving industry leaders to expand their automation efforts. This, in turn is driving the need for a new industrial infrastructure; from new design-to-production workflows (focussing on improved circularity, re-shoring and CO2 management practices) to new forms of human/machine collaboration.

### Program Objective

*Support the team in the development of bespoke hardware, software or machine experiences around one of the following themes:*

- / **Methods of Make:** How can machines be built for a new era of circular services and manufacturing models?
- / **Invisible Architecture:** How can we engineer digital infrastructure and workflows towards future industry operating systems?
- / **Human Machine Symbiosis:** How can we design interfaces that reimagine the relationship between humans and machines?

### Your background

- / At least a Bachelor's degree, ideally in the fields of Design, Engineering or Computer Science
- / Personal Github repository with proven experience in coding LLM/NLP/CV/ML/AI projects or a portfolio that gives us an idea of what you have built /created in the past
- / Excellent communication skills in English, knowledge of German language is a plus
- / An interest in sustainability and the circular economy

## What's in it for you

- / An opportunity to gain new skills and explore exciting territory at the forefront of technological innovation
- / Work experience in a seasoned innovation studio with exciting projects & industry-leading clients
- / A diverse, international and supportive team
- / A culture of responsibility, co-determination, openness and consideration
- / Space for creative freedom and expression
- / Close mentorship by one of our senior team members
- / A beautiful, quiet, dog-friendly studio with a garden and multiple terrace hang-out spots
- / Daily fresh fruit and home-made snacks, provided by our resident chef
- / Team-building activities and events

**If you are interested in working with us, please send us your portfolio and CV to [talent@pch-innovations.com](mailto:talent@pch-innovations.com).**

**We look forward to hearing from you.**
