

/Digital designer, full-time (m/f/d)

PCH Innovations is a Berlin-based, multi-disciplinary studio for thoughtful technology and regenerative system development. We are a team of engineers, designers, technologists, scientists, coders, and researchers. We're all different, but connected in our pursuit of engaging, high-impact products, experiences and methodologies.

Our diverse team is currently engaged in multiple research, product-development, and consulting projects for large brands and industry leaders (e.g. Nike, Siemens Energy, Continental, NVIDIA, Autodesk). We are looking for a motivated, versatile, and curious team-player to support us with the design of digital assets and solutions.

What's the job?

This is a full-time, 40-hour, 4-day work week position in Berlin. Starting date is flexible.

- Work with our Concept Design Lead to design and implement diverse digital design projects from user interfaces, UX journeys and user research, to engaging presentations and digital assets for multimedia and graphics projects spanning video titles, animation, social media and infographics.
- Interdisciplinary collaboration with colleagues from the robotics, AI, creation and production teams.

What do you bring?

- / 2-3 years of experience in digital design
- / UI/UX design experience, proficiency with prototyping tools e.g. Figma or Sketch
- / Proficiency in using the Adobe Creative Cloud (Photoshop, Illustrator, Premiere, After Effects, Lightroom, etc.)
- / Experience with building presentations in Keynote
- / An ability to adapt fluidly to new projects and objectives
- / Excellent communication skills in English, knowledge of German language is a plus
- / An interest in sustainability and the circular economy
- / Bonus points for HTML & CSS, rendering and motion design knowledge

PCH /INNOVATIONS

What sets you apart
