

/ Sr. (Full Stack) Software Engineer (m/f/d)

We are looking for an experienced, motivated and versatile software generalist that can take full responsibility for the development and deployment of various projects and products.

About us

PCH Innovations is a Berlin-based creative studio for exploratory technology and regenerative system development.

Ours is a multi-disciplinary team of engineers, designers, technologists, scientists, coders, and researchers. We're all different, but connected in our pursuit of engaging, high-impact products, experiences and methodologies.

We are currently engaged in multiple research, product-development, and consulting projects for large brands and industry leaders (e.g. Nike, Siemens Energy, Continental, NVIDIA).

Location: Berlin, Germany | **Duration:** Permanent, Full-time (40hrs) | **Start date:** ASAP

What you bring to the role

- / Min. 5 years of professional experience
- / Proven experience in the design, development, deployment and maintenance of software solutions
- / Strong experience with **Full-Stack Web Development** (frontend frameworks, backend services, databases, operations)
- / Proficiency in a variety of programming languages (we mainly work with Python and Java Script / TypeScript, plus some C/C++ and C#)
- / Excellent rapid prototyping and experimentation skills
- / Excellent problem-solving and analytical skills
- / Experience in tech strategy building
- / Creative thinking and strong empathy for the user
- / Eager to constantly adopt new technologies and apply cutting-edge research
- / Comfortable with self-directed / autonomous work

What sets you apart

You should cover at least one of the following:

- / Applied Machine Learning experience in the areas of Computer Vision, Computer Graphics or NLP (especially LLMs)
- / Applied experience with and affinity for Robotics and Mechatronics
- / Experience with PLCs / Industrial Controls
- / Experience with Embedded Application Development
- / Strong communication and management skills and experience in leading a team

What's in it for you

- / An opportunity to explore exciting territory at the forefront of technological innovation
- / A diverse, international and supportive team
- / A culture of responsibility, co-determination, openness and consideration
- / A beautiful, quiet, dog-friendly studio with a garden and multiple terrace hang-out spots
- / Daily fresh fruit and home-made snacks, provided by our resident chef
- / Team-building activities and events
- / Individual and team coaching

If you are interested in working with us, please send us your CV and relevant work references, via talent@pch-innovations.com. We will get back to you within four weeks.

We look forward to hearing from you.

PCH is an equal opportunities employer committed to diversity and the creation of an inclusive, welcoming workplace. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, age, national origin, disability, gender identity or any other factor protected by applicable national or local laws.
